What Residents are Saying

Gesell N.

"First off, these apartments are pet friendly and Military friendly! The Leasing consultant has been amazing from start to finish. From applying to moving out she made our process a breeze, very grateful for her kindness and communication. While living here the staff and maintenance have all been courteous and friendly anytime I encountered them. I was renting a 1bdm and it was really spacious

and clean. You get 2 parking spaces and one of them is a single car garage which is really nice. The washer and dryer in the apartment was also a huge plus. They maintain landscape and I saw plenty of pet waste baggy stations throughout the complex. Overall, these are nice apartments, and we enjoyed renting here. Felt safe in this gated community and they do have security patrolling at night as well."
