Heirloom Pizza

If you're in Old Town Salinas, make sure to stop by Heirloom Pizza and try the BBQ Slam—a delicious combo of chicken, pineapple, red onions, and dreamy swirls of house-made BBQ sauce with cilantro pesto. We can't get enough, and we're pretty sure you won't be able to either!

Live Well

It's Monarch Season!

Every year, from November to March, the Monarch Butterfly migrates over 2,000 miles to our home here on the Central Coast. Don't miss this spectacular site at the Pacific Grove Monarch Butterfly Grove or the Monarch Grove Sanctuary, where you'll see clusters of butterflies in the eucalyptus, pine, and cypress trees.

Did you know: that migrating monarchs have a six-month lifespan, making this journey each butterfly's first and only. And yet, they know exactly where to go. Scientists don't understand exactly how, yet they find and use the same overwintering locations year after year. Talk about magic.
